**RULES AND KEY ISSUES FOR DEPARTMENTAL
AND NON-DEPARTMENTAL SUPERVISORS**

1. Supervisors shall keep inmates under supervision at all times and shall ensure all inmates are present and accounted for at all times.
2. An inmate is not allowed in any business, private building (house), or private vehicle at any time. Supervisors shall not allow inmates in stores to make purchases.
3. Do not buy, sell or give anything to an inmate or give an inmate anything from someone else. Do not receive, take, or sell anything for an inmate. Do not lend money to or borrow money from an inmate. Except for tools, equipment, materials and supplies issued the inmate that are returned to you or contraband the inmate finds and turns over to you, do not accept any item(s) the inmate may want to give you.
4. Supervisors shall not allow an inmate to receive any visits, make telephone calls, mail anything, possess money orders, nor carry on conversations with civilians while away from the institution.
5. Remember "Safety at all Times." Orient each inmate in the use of issued equipment regardless of the inmate's claim of having had prior experience. Specifically, orientation should be conducted in the use of gasoline or electrically powered equipment before allowing him/her to use it.
6. Supervisors shall not allow an inmate to stand up in a vehicle while the vehicle is in motion. The supervisor shall not operate vehicles or equipment in an unsafe or reckless manner, nor allow an inmate to do so. Seatbelts, as provided, will be used at all times when the vehicle is in motion.
7. If an inmate declares a medical emergency or has a minor injury, contact the institutional contact person. If the injury is life threatening, you will need to call for medical aid (ambulance) and make the institution aware immediately. Remember, in all instances, use "Good Judgment."
8. If you think you are missing an inmate, do not send another inmate to look for him/her. Cease work and gather all inmates on your squad into one location. Without leaving the remaining inmates unattended, determine whether the missing inmate can be located. If you are unable to locate the missing inmate, do not leave the remaining inmates alone. Notify your institution contact person immediately and then notify your supervisor.
9. The limits of confinement will simply be extended if an inmate is lawfully incarcerated while outside the institution. An inmate shall not depart the place where he/she is assigned to work, except with the specific authorization of his/her immediate supervisor. However, being in an unauthorized area or unauthorized absence from his/her squad or assignment constitutes an escape. At any given time in the course of supervising inmates, an escape may occur. Should you experience an escape (or missing inmate) the below procedures are to be followed.

- a. If an inmate escapes, cease work and gather all of your remaining inmates into one location. Do not leave them alone. Notify your institutional contact person immediately and then notify your supervisor.
- b. Give a verbal command to “Stop”. Do not try to physically stop the inmate.
- c. Note the direction in which the escapee was headed if known, or last known location.
- d. If a vehicle is used in an escape, note:
 - (1) Color, make, and model
 - (2) Tag number
 - (3) Description
 - (4) Number of occupants
 - (5) Any other pertinent information.
- e. Immediately report the situation to your supervisor and the institutional contact person. If you cannot reach the institution, contact 911 and then resume your efforts to reach the Institution.
- f. Secure the area by grouping the inmate(s) in a designated area/vehicle and stay with your squad.
- g. Avoid contaminating the area (i.e., walking around wooded areas and lots and possibly disturbing tracks which may be able to be picked up by the canine dog tracking team).
- h. If it becomes necessary to leave the area prior to the arrival of correctional supervisor, mark the area.
- i. Record events accurately in writing as soon as possible.

10. The following is a simple guide to report writing on the information usually needed:

- a. **WHO**- inmate name/number and/or person(s) involved.
- b. **WHAT**- what took place, what did you do?
- c. **WHEN**- date and time
- d. **WHERE**- location of the event or situation.
- e. **HOW**- how did the incident take place.

11. Inmate supervisors shall remain alert and observant of any unusual occurrence. Any unusual occurrence, incident, emergency or disciplinary situation shall be immediately reported to the correctional institution contact person and your supervisor. If your supervisor is contacted first, the institution contact person must still be notified. Initial reporting of an unusual incident is verbal. Required paperwork should be completed by the end of that day. Disciplinary Reports, Incident Reports, and Reports of Injury are examples of reports that must be written and turned in the date of occurrence to your facility contact person. Questions concerning whether an incident requires documenting should be discussed with

Any item of contraband found by an inmate during the course of the workday shall be immediately turned over to the inmate supervisor.
