This Alabama Department of Corrections (ADOC) Administrative Regulation (AR) establishes the responsibilities, policies, and procedures for the Prison Industries Enhancement Certification Program (PIECP).

II. POLICY

It is the policy of ADOC to provide prison industry projects designed to place inmates in working and training environments in which they are able to acquire marketable skills and earn money to off-set the cost of incarceration, make payments for restitution to their victims, provide support for their families, and prepare for their release from prison.

III. DEFINITIONS AND ACRONYMS

JAS provides the institution’s Job Review Board (JRB) with sufficient information to recommend and approve a list of jobs for an inmate and assign or remove an inmate from a job.

J. **Inmate Trust Fund (ITF)**: Funds belonging to an inmate during their term of incarceration.

K. **Job Description**: A written task statement developed for each potential inmate work group assignment to be utilized within a PIECP work project and submitted to the Alabama Department of Labor for a wage determination.
