

ALABAMA DEPARTMENT OF CORRECTIONS

PSYCHOLOGICAL SERVICES RFP

2023-04

<p>1. Section V, 5.1 Deadlines references Attachment E, emphasizing that the dates on Attachment E prevail over other deadlines mentioned in the RFP. However, I do not find an Attachment E in the RFP file posted on the ADOB website. Where can I find that Attachment?</p>	<p>This is a typographical error. Please see Exhibit D of the RFP for these dates.</p>
<p>2. II. Inpatient Mental Health Experience and Qualifications. The requirements under this section do not apply to the work that we do or will be asked to perform under this RFP. We do not operate a psychiatric hospital, nor do we employ a psychiatrist. Please let me know if this is mandatory for the provision of pre-employment assessments and other services under this RFP.</p>	<p>This is not a mandatory provision of pre-employment assessments and other services under the RFP.</p>
<p>3. Page 9 paragraph p) This stipulation is very concerning. We are very protective of our testing and confidential information. To share these documents with ADOC would be a violation of HIPAA regulations. We do share the pertinent information with each entity (ex: prison) that sends a candidate to us for testing, but to consider all documents to be the "property of the ADOC" could cause us problems with HIPAA compliance.</p>	<p>ADOC does not expect the selected vendor(s) to provide any documentation that would violate HIPAA or any other regulation.</p>
<p>4. Page 29 top paragraph. "Vendor shall fill out and submit the following chart as its cost proposal." I cannot find a chart.</p>	<p>Pricing information can be provided in an easily readable table format.</p>
